TWIST-OFF CAP MAKING MACHINE AND LINE SOLUTION

旋开盖设备及整线解决方案

专业的金属包装机械制造者

Professional Metal Package machine manufacturer

经验丰富的整线方案设计者

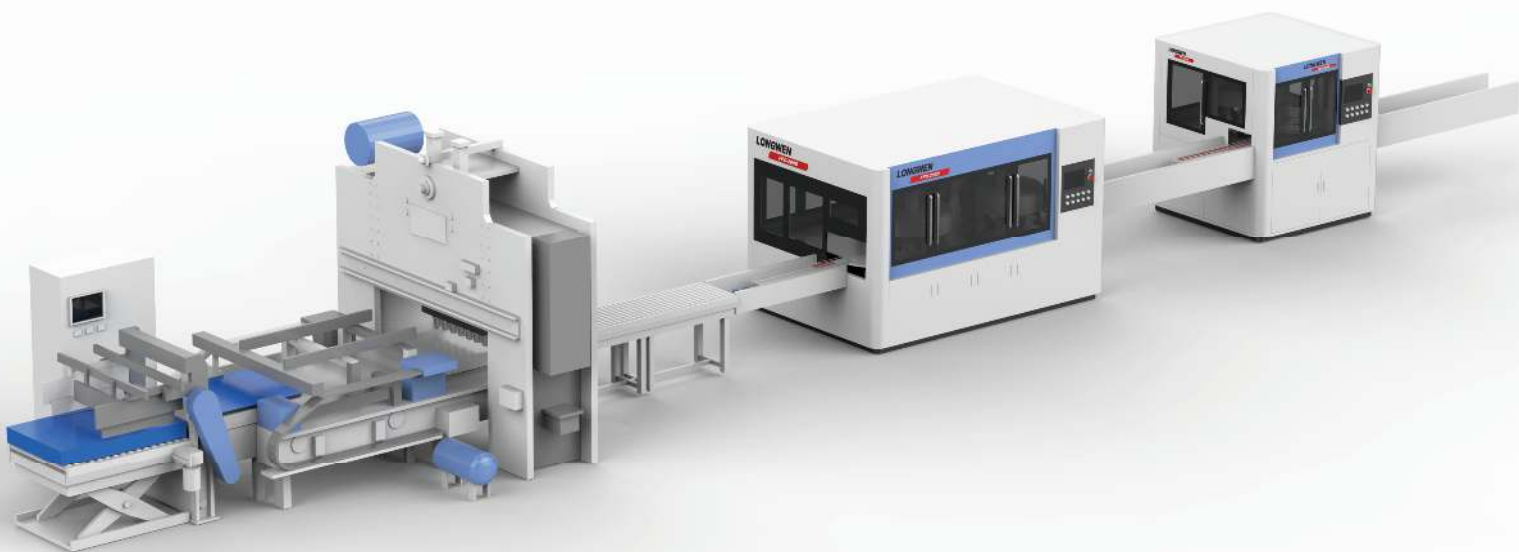

Experienced Producing Line solution designer

完善的的售后服务提供者

Completely After-sale Service supplier

浙江龙文精密设备股份有限公司
ZHEJIANG LONGWEN PRECISION EQUIPMENT CO., LTD.

旋开盖制造解决方案

TWIST-OFF CAP MAKING SOLUTION

内垫复合式旋开盖生产线

Shimming cap producing line

特点

Advantage

全自动机械手进料，效率更好；

Automatic feed manipulator, better efficiency;

一体化旋开盖成型组合机，速度更快，效率更高，
更换模具成本更低；

A twist off cap forming combination machine, faster
and more efficiency, lower replacement of tooling cost;

电磁感应瓶盖垫片复合机，比传统烘房更加节能，
同时避免了涂胶烘干过程中产生的废气问题，更加环保；

Electromagnetic induction shimming combination
machine is less energy than traditional oven. And it is
more environment-friendly for it avoids the waste gas
generated during processing;

配合专利技术配方的一体式瓶盖内垫片，绝不含PVC和
塑化剂等有害物质，确保内容物食品安全；

The integrated bottle cap shim with the patented formula,
never contain PVC and plasticizer and other harmful
substances, to ensure the content of food safety;

同时可以根据现有客户的情况，配置传统工艺生产线。

We could make a traditional production line according to
customers exactly needs.

全自动落料系统

Automatic sheet feed press

进料 feed + 落料冲床 Stamping

型号 model	公称压力 pressure	落料深度（最大） depth of punch(max)	冲速 strokes	规格 size
	KN	MM	SPM	MM
GT2A78	45	30	90-150	30-100
GT2A48A	80	30	90-150	30-100
GT2A48	100	40	90-160	30-100

*实际生产速度取决于落料规格以及设备运行工况

*The actual capacity depends on the sheet and operating conditions

内垫复合式旋开盖生产线

Shimming cap producing line

制盖机 Cap making machine

型号 model	速度 speed(max) CPM	规格 size MM
CMC200	200	30-100
CMC400	400	30-100

特点 Advantage

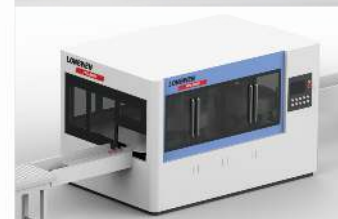

一体式瓶盖成型设备，定位更准确，速度更快，换型更简单。
Integrated shimming combination machine,
more accurate, faster, easier.

瓶盖复合机 Shimming combination machine

型号 model	速度 speed (max) CPM	规格 size mm
FPC-200	200	30-100
FPC-400	400	30-100

介绍 Introduce

- 拥有自己的专利技术；
Have own patented technology;
- 采用电磁感应加热，比传统烘房更节约能源；
Electromagnetic induction heating, more energy than
traditional oven;
- 一体化设计，节约场地，增加空间利用率。
Integrated design, save space, increase space utilization;

专业团队 *Major team*

全球服务 *Global service*
